

Raymond Risk, President & CEO, Texas Construction Association (R) donates N95 face masks to Beth Brooks, Executive Director of Texas College of Emergency Physicians (L)

Join the Texas Construction Association and others in the construction industry in answering the call for help from health providers in our state!

There is an **urgent need** for personal protection equipment, in particular N95 face masks, paper face masks and face shields, and disposable gloves. Search your inventory and deliver anything you can spare to one of the locations listed below. It is critical that we support our frontline health workers during this crisis.

Texas PPE Collection Points
